The regulations and statutes in this guide represent Alaska law regarding licensing and operation of assisted living homes as of April 6, 2002, the effective date of amendments to the regulations.

Any changes to the regulations or to the statutes after that date would affect the accuracy of this guide. Each person responsible for the licensing and operation of an assisted living home in Alaska should make note of any such changes as they occur.

INTRODUCTION

Dear Assisted Living Home Providers:

This guide provides a reference document in a format that will make it easy for you to find information dealing with the licensing and operating requirements for assisted living homes. It includes all changes to the assisted living home regulations and statutes as of April 6, 2002. We have included a table of contents, an index of important words and terms, and an in-depth list of barrier crimes covered by the regulations and statutes. There is also a table of regulatory and statutory requirements by home size, intended for use as a checklist, but not as a substitute for becoming thoroughly familiar with the regulations and statutes applicable to assisted living homes.

The Department of Administration and the Department of Health & Social Services appreciate the time you have given and comments that you made during the public comment period on the recent changes to the regulations. We incorporated many of your suggestions and tried to accommodate your concerns. We believe the changes go a long way toward ensuring that assisted living homes in Alaska will be among the best in the nation.

As you will recall, the changes that take effect on April 6, 2002: **(1)** add requirements to improve the safety and comfort of residents, including fire safety, room size, sanitation, and environmental protection; **(2)** change bodily injury liability insurance requirements and add requirement for professional liability insurance (to help offset this increase, we reduced the automobile liability insurance to State minimums); **(3)** enhance standards for administrators and care providers, including first aid and CPR training, adequate language skills, and continuing education; **(4)** add standards regarding the use of intervention and physical restraint; **(5)** add a requirement for a business plan for certain homes; **(6)** add a fee to be charged when noncompliance requires multiple onsite inspections; **(7)** include reference to declarations for mental health treatment; **(8)** amend and clarify requirements dealing with notification; **(9)** add a temporary variance for placement of a child in an adult facility; **(10)** add details on sanctions for noncompliance; **(11)** allow delayed implementation for, and exempt existing homes from, certain new requirements; **(12)** repeal obsolete material; and **(13)** other changes to clarify intent.

Homes that were already licensed on April 6, 2002, have up to one year to comply with certain of the new requirements [see 7 AAC 75.010(a)(2)(A) and (B) for details], and are exempt from certain of the new requirements [see 7 AAC 75.010(a)(2)(C) for details].

We appreciate the commitment to providing excellent assisted living care that is evident in all of our dealings with the assisted living community. We look forward to hearing from you about additional ways this important service can be improved.

If you have questions regarding implementation of the regulations or need technical assistance, please contact Gary Ward (Department of Administration, Division of Senior Services, (907) 269-3645) or Mel Richardson (Department of Health & Social Services, Division of Mental Health and Developmental Disabilities, (907) 269-3615).

(1) an assisted living home licensed on or after April 6, 2002, is subject to all applicable requirements of this chapter;

(2) an assisted living home licensed before April 6, 2002, is subject to all applicable requirements of this chapter, except that the home

(A) shall comply, no later than April 6, 2003, with the applicable requirements of 7 AAC 75.210(a)(8), dealing with professional liability insurance and bodily injury liability insurance; however, each assisted living home shall maintain not less than \$100,000 per resident of bodily injury liability insurance before that date;

(C) is exempt from

(i) those training and experience requirements of 7 AAC 75.230(c) that an administrator of a home on April 6, 2002, does not already meet; that administrator shall comply with the continuing education requirements of 7 AAC 75.220(e); however, an administrator hired after April 6, 2002, is subject to all requirements of 7 AAC 75.230 in addition to all other requirements for administrators in this chapter; and

(1) probationary, for homes

(A) that have not previously been licensed under AS 47.33 and this chapter; or

(B) for which a standard license has been converted to probationary status because of noncompliance with AS 47.33 or this chapter;

(2) standard, for homes that have passed the probationary period.

(b) Subject to the possibility of suspension or revocation under AS 47.33 and this chapter, a license is valid for the following periods:

(1) probationary: a period set by the licensing agency, not to exceed two years, with a possible one-year extension; and

(2) standard: two years, except as stated in 7 AAC 75.090.

(c) Repealed 4/6/2002.

(d) A license will be issued to a home providing care

(1) primarily to persons with a mental or developmental disability, in which case it is the responsibility of the Department of Health and Social Services;

(2) primarily to persons who have a physical disability, who are elderly, or who suffer from dementia, but who are not diagnosed as chronically mentally ill, in which case it is the responsibility of the Department of Administration; and

(3) to approximately equal numbers of persons described in (1) and (2) of this subsection, or to a home seeking its probationary license and for which the administrator has not yet decided which specific category of persons to serve; in such a case the Department of Health and Social Services and the Department of Administration will jointly consider the purposes of AS 47.33, the service features of the particular home, and, if any, the preference of the home, and jointly decide which one of those agencies will have the sole licensing responsibility for that home; a dual license, entitling the home to serve persons described in both (1) and (2) of this subsection, will be issued; an applicant for a dual license may apply to either agency. (Eff. 7/1/95, Register 134; am 4/6/2002, Register 162)

In determining compliance with AS 47.33 and this chapter, the licensing agency will consider the nature, size, and character of the home and its residents, and whether the prevailing residential standards of the community and neighborhood in which the home is located are protective of life, health, and safety.

(b) At any time before the expiration of a probationary license, but after the assisted living home is operating, the licensing agency may convert a probationary license to a standard license. (Eff. 7/1/95, Register 134; am 4/6/2002, Register 162)

A person may not apply for a license to operate one or more additional homes until each current home has passed the probationary period and been issued a standard license. (7) the number of residents the home intends to serve who are expected to be persons who

(A) have a primary diagnosis of mental illness or physical or developmental disability; or

(B) are elderly or suffering from dementia, but who are not mentally ill;

(8) the services the home proposes to offer;

(9) copies of all permits and approvals required by state or local government agencies, other than the licensing agency, for construction or operation of the home;

The application must also describe the modification sought. If the modification is to increase the number of residents served to 11 or more, the application must also include the business plan described in (b)(13) of this section. (Eff. 7/1/95, Register 134; am 9/28/2001, Register 159; am 4/6/2002, Register 162)

Authority: AS 47.33.410 AS 47.33.920

7 AAC 75.085. INSPECTION OF FINANCIAL RECORDS. If requested by the licensing agency, the home shall allow the agency to inspect the home's financial records to determine whether the home has sufficient financial resources to operate for a minimum of three months without considering resident income. (Eff. 4/6/2002, Register 162)

Authority: AS 47.33.410 AS 47.33.920

7 AAC 75.090. RENEWAL; STAGGERED RENEWAL; EXTENSION. (a) Before a license expires, the licensing agency will notify the licensee that the license is due for renewal.

(b) The licensing agency may inspect an assisted living home at any time before a license expires, to determine compliance with AS 47.33 and this chapter and eligibility for renewal.

(c) If the licensing agency finds that the home is not in compliance with AS 47.33 and this chapter, the home, in coordination with the licensing agency, shall develop a plan of correction with a date for achieving compliance with each provision found to be in noncompliance. If the home is in substantial compliance by each applicable date set out in the plan of correction, the licensing agency will issue a probationary license. If the home is in compliance, the licensing agency will issue a standard license.

(d) If the licensing agency finds that the home is in compliance with AS 47.33 and this chapter, has provided services to residents in accordance with its contracts and plans of care, has maintained the home in good repair, and is in compliance with all applicable local and state building code, fire code, and sanitation code requirements, the agency will renew the home's standard license for two years.

(e) If several licensees apply for renewal within a short time, the licensing agency may stagger the license renewal dates to facilitate handling the renewals. The licensing agency may adjust renewal dates to facilitate the licensing of each assisted living home located in the same geographic area at the same time. The licensing agency will not extend or adjust a renewal date for an assisted living home that, during the licensing period, has had more than one complaint filed against it for which the licensing agency

(1) and the home have developed a plan of correction; or

(2) has issued a notice of violation.

(f) Repealed 4/6/2002.

(g) Repealed 4/6/2002.

(2) emergency evacuation drills to be held at least twice year.

(d) An assisted living home shall

(1) ensure that each stored medication is properly labeled with the resident's name, name of medication, dosage, expiration date, and directions for administration;

(2) store medications in a manner that prevents access by unauthorized persons;

(3) store controlled substances in a locked storage container and ensure that each substance is accurately accounted for; and

(4) store medications, including controlled substances, in accordance with the manufacturer's recommendations.

(e) Before a license will be issued under AS 47.33 and this chapter, an assisted living home seeking to be licensed for six or more residents must

(1) meet the standards for life and safety specified in 13 AAC 50 and 13 AAC 55; all information required by those standards shall be kept available for inspection by the licensing agency;

(2) obtain any municipal building code approval; approval must also be obtained before making a modification to a licensed home if the modification is one that requires that approval; and

(3) obtain a fire safety inspection report from each state or municipal authority responsible for those inspections, and continue to obtain these reports every two years, or more often if required by a state or municipal authority; the licensing agency will submit a request for inspection to the state or municipal authority on the home's behalf; the home is responsible for any fee charged by the state or municipal authority for the inspection.

(f) The licensing agency may inspect, or require a self-monitoring report on a safety issue of, an assisted living home licensed for fewer than six residents, with consideration given to prevailing community residential standards, to determine whether the home is built and maintained in a manner protective of life, health, and safety, with respect to the residents' bedrooms, exit to the outside of the building, operational smoke detectors or fire extinguishers, the storage and disposition of combustible waste material, and portable heating mechanisms. Submitting a false report under this subsection is grounds for issuing a notice of violation under AS 47.33.530.

(g) Assisted living homes licensed for fewer than six residents must

(1) have one fully charged 2 A:10 BC dry chemical fire extinguisher strategically located on each level of the home;

(2) maintain the home free of any accumulation of combustible waste material in or around the premises;

(3) store flammable liquids in containers that have tight-fitting lids and are specifically designed for the particular flammable liquids;

(4) have heating appliances that are

(A) not placed or located in exitways or corridors at any time or in bedrooms during sleeping hours, unless the home is a one-room home;

(B) equipped with protective devices when presenting a hazard because of exposed flame or heating element;

(C) maintained in a safe and serviceable manner; and

(D) vented to the outside to discharge smoke and combustion gases, if the appliances are fuel burning;

(5) have one or more smoke detection devices that are operational, monitored, powered by battery or alternating current, and located in each bedroom; if the licensed home is a multi-level home, at least one smoke detector must be installed on each level in addition to those required in each bedroom;

(6) have at least two means of emergency escape that are remote from each other and that provide unobstructed escape to the outside of the building, one of which must be an exterior door;

(7) have at least one fully-opening window in each resident's bedroom; the window must be of sufficient size and free of obstructions to allow for emergency escape or rescue unless the room has a door leading directly to the outside; for purposes of this paragraph, "sufficient size" means that the window has a finished sill height that does not exceed 48 inches above the floor, has a net clear openable area that is at least 5.7 square feet, has a net clear openable height of at least 24 inches, and has a net clear openable width of at least 20 inches;

(8) ensure that open flame heaters are not used, except for fireplaces in compliance with 13 AAC 50, 13 AAC 55, and any applicable municipal building code;

(9) ensure that window screens are not used if they permanently prevent exit or if they cannot be easily removed for exit;

(10) designate an area for smoking, if smoking is permitted; and

(11) ensure that emergency procedures are reviewed with each resident and the resident's representative before the resident takes up residency in the home and at least once a year after that date.

(h) An assisted living home licensed for fewer than six residents shall make and retain a record of each required evacuation drill and make the record available to the licensing agency upon request. The record must include the time, date, and critique of the drill, the personnel who participated, the names of residents who did and did not participate, the reasons for non-participation, and the amount of time required to complete the drill. Emergency evacuation drills may be postponed during severe weather, but residents must be instructed on emergency evacuation procedures.

(i) If the licensing agency determines that it is necessary, the agency will request an advisory inspection report from one or more state or municipal building or fire safety authorities for a home licensed for fewer than six residents. The home is responsible for any fee charged by the state or municipal authority for the inspection. (Eff. 7/1/95, Register 134; am 4/6/2002, Register 162)

7 AAC 75.280. SANITATION AND ENVIRONMENTAL PROTECTION. (a) An assisted living home licensed for

(1) six or more residents must satisfy applicable state and municipal standards for sanitation and environmental protection and ensure that the home is inspected at least every two years by each state or municipal authority responsible for these inspections; a copy of each inspection report must be maintained for at least two years and made available for review by the licensing agency; the licensing agency may submit a request for inspection to the state or municipal authority on the home's behalf; the home is responsible for any fee charged by the state or municipal authority for the inspection; or

(2) less than six residents must

(A) if the home has a private water supply, have it approved by the municipal health authority, have the water tested for bacterial contamination at least once each year, and label nonpotable water on the premises to avoid inappropriate use; and

(B) ensure that sewage and liquid wastes are discharged into a public sewer system or into an independent sewage system approved by the appropriate state or municipal authority.

(b) The licensing agency may inspect an assisted living home licensed for fewer than six residents to determine, with consideration given to prevailing community residential standards, whether the home is clean and maintains satisfactory levels of sanitation and environmental protection. As part of an inspection, the licensing agency will determine whether the home has

(1) a sufficient supply of potable water and an acceptable system for the disposal of sewage; and

(2) the facilities necessary for the proper care, storage, and preparation of food.

(c) Repealed 4/6/2002.

(d) If the licensing agency determines that it is necessary, the agency will request an advisory inspection report from one or more state or municipal sanitation or public health authorities. The home is responsible for any fee charged by the state or municipal authority for the inspection. (Eff. 7/1/95, Register 134; am 4/6/2002, Register 162)

7 AAC 75.290. EMERGENCY SITUATIONS. (a) If a resident experiences a medical emergency, serious injury, or accident, is involved in assaultive behavior that could injure the resident or another person or that requires police intervention, or is absent without prior notice to the home and could pose a risk of harm to the resident or others, the assisted living home shall

(1) access emergency services, if needed, and provide the emergency care that a reasonably prudent person would provide under the circumstances, including notice to the resident's physician and representative; and

(2) record the date, time, and circumstances of the accident, serious injury, medical emergency, or incident in the resident's file and in any general daily log kept by the home, and provide a copy of the report to the licensing agency as required under 7 AAC 75.340.

(b) An assisted living home shall maintain readily-available first aid supplies appropriate to its size, and post or make readily available the first aid procedures. (Eff. 7/1/95, Register 134; am 4/6/2002, Register 162)

7 AAC 75.295. USE OF INTERVENTION AND PHYSICAL RESTRAINT. (a) An assisted living home must have a written procedure regarding the use of physical restraint. That procedure must be approved by the licensing agency under AS 47.33.330.

(b) As provided in AS 47.33.330(a)(4), an assisted living home may use physical restraint if a resident's actions present an imminent danger to the resident or others, but only after other interventions, including the use of a time out, have failed. A time out or physical restraint may not be used as a punishment, as a substitute for a less restrictive form of intervention, or as a convenience for the home's staff. A time out or physical restraint must be terminated as soon as the resident no longer presents an imminent danger to that resident or others.

(c) At the time of a resident's admission to the home, the home shall

(1) explain its approved physical restraint procedures to the resident or resident's representative;

(2) perform an assessment at the time of admission regarding the potential need for the use of time outs or physical restraint, asking for information

(A) about the resident's prior behavior that might indicate a need for the use of time outs or physical restraint; and

(B) that might help minimize use of time outs or physical restraint;

(3) address the need for using time outs or physical restraint in the resident's assisted living plan if the home has reason to believe that time outs or physical restraint may be necessary because the resident's prior behavior or medical condition indicates that the resident may occasionally present an imminent danger to the resident or others; the plan must include information regarding

(A) when time outs or physical restraint should be used;

(B) what forms of physical restraint should be used, based on recommendations from the resident's primary physician; and

(C) any prenotification procedures requested by the resident's representative if the 24-hour notice required by (d)(1) of this section is unsatisfactory to the representative.

(d) If physical restraint is used, the assisted living home shall

(1) notify the resident's representative within 24 hours, unless the representative has agreed, as reflected in the resident's assisted living plan, that notification under (2) of this subsection is sufficient; and

(2) document any use of physical restraint in the written report required under 7 AAC 75.340(a)(4) that includes

(A) the resident's name;

(B) a description of the incident that led to the decision to use physical restraint;

(C) a brief description of any other form of intervention used or attempted before the use of physical restraint;

(D) the type of physical restraint used;

(E) the time when physical restraint began; and

(F) the time when physical restraint ended.

(e) For purposes of this section, a time out is the restriction of a resident, with that resident's consent, to a quiet area or unlocked quiet room for a period not to exceed 30 minutes. A home may not require a resident to take a time out without that resident's consent, and may not use a time out that exceeds 30 minutes, with or without that resident's consent.

(f) For purposes of this section, physical restraint is a manual method that restricts body movement, or a physical or mechanical device, material, or piece of equipment that is attached or adjacent to the resident's body, that prevents the resident from easily removing it, and that restricts movement or normal access to the body. The use of the following safety equipment will not be considered physical restraint if authorized in writing by the resident's primary physician, and if the necessity for its use is set out in the resident's assisted living plan:

(1) self-release safety belts;

(2) lap-top trays;

(3) wedge chair cushions;

(4) concave mattresses; and

(5) bedside rails if used for a resident who

(A) lacks independent mobility but has involuntary movement, including a seizure disorder, that could cause the resident to fall from bed; or

(B) needs the rails to assist in mobility. (Eff. 4/6/2002, Register 162)

7 AAC 75.300. ASSISTED LIVING PLAN. (a) Preparation of an assisted living plan in accordance with AS 47.33.220, 47.33.230, and this chapter shall include a review of any other existing plan of care that may already be in place for the resident. A plan of care already in place for a resident may substitute for the assisted living plan required by AS 47.33.220 and 47.33.230 if the existing plan incorporates substantially the same provisions and addresses the same requirements as would an assisted living plan.

(b) When an existing plan of care cannot be substituted for an assisted living plan, the assisted living plan required by AS 47.33.220 and 47.33.230 must, insofar as possible, incorporate the provisions of the plan of care already in place for the resident.

(c) Evaluation of assisted living plans for residents will take into account the timelines established for evaluation of existing plans of care, and will, insofar as possible, set similar evaluation timelines to avoid duplicative evaluation efforts.

(d) Copies of existing plans of care for a resident shall be placed in the assisted living file, along with the assisted living plan. (Eff. 7/1/95, Register 134)

An assisted living home licensed by the Department of Health and Social Services shall make a reasonable effort to determine whether a resident has made a declaration of preferences or instructions regarding mental health treatment under AS 47.30.950 by consulting with the resident, the resident's primary physician, the resident's case manager, the resident's spouse, parent, or guardian, a person in the resident's household, a person designated by the resident, or the resident's representative. 7 AAC 75.310. ACCEPTANCE AND MANAGEMENT OF RESIDENTS' MONEY.

(a) Before an assisted living home accepts the money of a resident for safekeeping and management, the home shall obtain written authorization from the resident or the resident's representative or representative payee. The authorization must

(1) be attested to by a competent witness who has no pecuniary interest in the home or its operations, and who is not connected to the home or its operations in any manner;

(2) indicate exactly which or how much of the resident's money the assisted living home is authorized to manage; and

(3) provide for an amount not to exceed \$100 a month that the assisted living home may keep on hand for the resident to use to meet that resident's day-to-day needs, unless the resident has other sources of money for that purpose.

(b) A home shall establish a system for residents to request withdrawals from the daily-needs money that the home controls. The home shall advise the resident of the available balance of the daily-needs money at the time of each withdrawal and shall keep a record of all withdrawals and balances.

(c) After receiving authorization from the resident or resident's representative to manage the resident's money for the resident, the assisted living home shall

(1) promptly deposit all of the resident's money that the home is authorized to manage, except the money in the resident's daily needs fund, in an interest-bearing designated trust account in a bank, savings and loan association, or licensed escrow agent, insured by the Federal Deposit Insurance Corporation (FDIC), separate from other money and property of the home; and

(2) provide in writing to the resident, or the resident's representative, the account number and the name and address of the financial institution in which the resident's money has been deposited.

(d) An assisted living home that is authorized to manage the money of more than one resident may deposit it in a common designated residents' trust account only if the home has the capability of tracking the account activity specific to each resident, and then issuing a detailed statement of each resident's money to those residents whose money is commingled in the same account. Those statements shall be provided at least quarterly.

(e) When managing the money of a resident, the assisted living home shall, in accordance with the resident's assisted living plan, spend money only to meet the needs of the resident.

(f) When managing the money of residents through deposits in separate trust accounts, the assisted living home shall

(1) provide each resident or the resident's representative with a copy of each written account statement from the financial institution in which the money has been deposited; and

(2) provide each resident or the resident's representative, without charge, a written, itemized statement, at least quarterly, of all financial transactions involving the resident's money being managed by the home.

(g) Upon a written request by the resident or the resident's representative, the assisted living home shall return to the resident or the resident's representative, within three business days, as much of the resident's money as requested, including any interest accrued from deposits. The money may be returned by means of a check.

(h) Upon a voluntary or involuntary termination of the resident's assisted living contract, the assisted living home shall, within three business days, return to the resident or the resident's representative at least 90 percent of the resident's money, less any accrued charges, whether the money is in a designated trust account or in the resident's daily-needs account. The home shall return all remaining money belonging to the resident within 60 calendar days after termination of the contract.

(i) An assisted living home shall provide a complete accounting of the resident's money to the personal representative, as defined in AS 13.06.050, of a resident's estate within 30 days after the resident's death. In the absence of a personal representative, the home shall provide the accounting and the deceased resident's assets to the public administrator appointed under AS 22.15.310.

(j) If a home or the entity operating the home is sold, the home shall provide the buyer with written verification of all resident money the home is authorized to manage and obtain a signed receipt for such money from the new owner. (Eff. 7/1/95, Register 134)

7 AAC 75.320. ANNUAL MONITORING REPORT. (a) At least once each year, the licensing agency will monitor an assisted living home or will require the home to submit a self-monitoring report to the licensing agency on a form supplied by the agency. The annual report must contain the information requested by the agency, to show that the home continues to comply with AS 47.33 and this chapter.

(b) The failure to submit an annual report as required by the licensing agency, or the submission of a false report, is grounds for issuance of a notice of violation under AS 47.33.530.

(c) The licensing agency may accept the report of a third-party, independent evaluation of an assisted living home, made on behalf of the home, if the report contains substantially the same information required by the licensing agency under this section. 7 AAC 75.330. REFUND OF RENT. (a) A home's written policy for the refund of advance payments, established in compliance with AS 47.33.030(b), must conform to the following rules:

(1) if a resident terminates a residential services contract by giving notice at least one rental period before the termination is to be effective, the home shall refund an advance rent payment on a prorata basis;

(2) if a resident terminates the contract by giving notice less than one rental period before the termination is to be effective, the home need not refund a payment applicable to the current rental period, but shall prorate the refund of an advance rent payment for a subsequent period; if the home executes a new residential services contract with a new resident in place of the terminating resident, to become effective during the current rental period, the home shall refund the prorata amount of rent applicable to the days of the new contract;

(3) if a resident dies, the home need not refund a payment applicable to the current rental period, but shall prorate the refund of an advance rent payment for a subsequent period; if the home executes a new residential services contract with a new resident in place of the deceased resident, to become effective during the current rental period, the home shall refund the prorata amount of rent applicable to the days of the new contract;

(4) if a home terminates a residential services contract, in accordance with AS 47.33.360, it shall refund an advance rent payment on a prorata basis.

(b) In implementing AS 47.33.030, "advance payment," in the case of rent, does not mean the rent paid at the beginning of a rental period for that period. It means rent advanced for a subsequent rental period. (Eff 7/1/95, Register 134)

7 AAC 75.340. NOTIFICATION REQUIREMENTS. (a) An assisted living home shall provide, on a form supplied by the licensing agency, written notice to the licensing agency, to each affected resident or that resident's representative, and to any service coordinator, as follows:

7 AAC 75.410. GROUNDS FOR VARIANCE. (a) Subject to (b) and (c) of this section, the licensing agency may grant an assisted living home a temporary or permanent variance from a requirement of AS 47.33 or this chapter to allow the home to

(1) meet the goals of AS 47.33 and this chapter in a way that differs from the methods set out in AS 47.33 or this chapter;

(2) promote aging in place to minimize the need for a resident to move from the home;

(3) integrate mentally, developmentally, and physically disabled residents into the community to reach their highest level of functioning; or

(4) encourage the establishment or operation of an assisted living home with fewer than six residents, if compliance with AS 47.33 and this chapter by a home of that size would be unduly burdensome.

(b) The licensing agency will not grant a variance unless the terms of the variance adequately protect the health and safety of the residents of the home.

(c) The licensing agency will not grant a variance

(1) that permits a home to avoid the requirements of

(A) AS 47.33.100 or 7 AAC 75.215, regarding criminal background checks;

or

(B) 7 AAC 75.310, regarding acceptance and management of residents' money; or

(2) for a requirement of AS 47.33 to a home licensed to serve six or more residents. (Eff. 7/1/95, Register 134; am 9/28/2001, Register 159; am 4/6/2002, Register 162)

7 AAC 75.415. TEMPORARY VARIANCE TO ADMIT A CHILD FOR CARE IN AN ASSISTED LIVING HOME. An assisted living home may apply for a temporary variance to admit a specific child by name for care if the home and a referring agency, in addition to meeting all other requirements of 7 AAC 75.410 – 7 AAC 75.450, develop a plan of safety that

(1) ensures the health and safety of the adults in the home;

(2) ensures the health and safety of the child; and

(3) is approved by the licensing agency, by the child's representative, and by each resident of the home or the representative for each resident. (Eff. 4/6/2002, Register 162)

7 AAC 75.420. APPLICATION FOR VARIANCE, GENERALLY. (a) An applicant for a variance shall deliver to each resident of the home, or the resident's representative, no later than five days after filing an application for a variance, a

(1) copy or summary of the application; and

(2) notice that states

(A) that the resident or representative has the right to comment on the application for a variance; and

(B) the date by which a resident's comments on the application must be received by the licensing agency.

(b) An applicant for a variance shall provide to the licensing agency a statement indicating that the applicant has complied with (a) of this section.

(c) The licensing agency will consider the comments received from residents or their representatives in determining whether to grant an application for a temporary or permanent variance.

(d) If the licensing agency has approved a plan of correction following a notice of violation under AS 47.33.530, the home may operate under the plan without having to submit an application for a temporary variance. (Eff. 7/1/95, Register 134; 4/6/2002, Register 162)

Authority: AS 47.33.410 AS 47.33.920

7 AAC 75.430. APPLICATION FOR TEMPORARY VARIANCE. An assisted living home shall apply for a temporary variance in the manner that the licensing agency directs. The application must state the

(1) statute from which the temporary variance is sought for a home with fewer than six residents;

(2) regulation from which the temporary variance is sought;

(3) reason the home is unable to comply with the statute or regulation, and a description of the way the home is not in compliance;

(4) period for which the variance is requested;

(5) applicant's plan for bringing the home into compliance before the expiration of the temporary variance;

(6) applicant's plan for protecting the health and safety of the residents during the period of the variance;

(7) applicant's assurance that the conditions of the home do not present an imminent danger to residents; and

(8) names of the residents of the home and the names and addresses of any representatives of residents. (Eff. 7/1/95, Register 134)

Authority: AS 47.33.920

7 AAC 75.440. EVALUATION OF APPLICATION FOR TEMPORARY VARIANCE. The licensing agency will evaluate each application for a temporary variance by

- (1) investigating the statements in the application;
- (2) inspecting the assisted living home, if appropriate for the type of variance requested; and
- (3) taking one of the following actions:
 - (A) conferring with the assisted living home regarding the application;
 - (B) discussing the application with the residents or the representatives of the residents, to determine whether they believe that granting the variance is in their best interest; or
 - (C) both conferring and discussing under (A) and (B) of this paragraph. (Eff. 7/1/95, Register 134)

Authority: AS 47.33.920

7 AAC 75.450. GRANT OR DENIAL OF TEMPORARY VARIANCE. (a) The licensing agency may grant a temporary variance, for a period not to exceed one year, if it determines that the home

- (1) is unable to comply with the provision from which the variance is sought because of circumstances beyond the control of the home;
 - (2) has an effective plan for bringing the home into compliance during the term of the temporary variance; and
 - (3) is able to adequately provide for the health and safety of the residents of the home during the term of the temporary variance.
- (b) The licensing agency will issue a written decision on an application for a temporary variance and will deliver a copy of the decision to the applicant, personally or by certified mail, and to each resident, or representative of the resident, of the home.
- (c) A decision by the licensing agency to grant a temporary variance will state the duration of the variance and the steps that the home must take to bring the home into compliance before the variance expires.

(d) An assisted living home shall attach the temporary-variance decision to the license during the period it is in effect and shall make it available with the license to residents, prospective residents, or representatives, service providers, staff, and the general public.

(e) A decision by the licensing agency to deny a temporary variance will state the reasons for the denial. The affected home may reapply for a temporary variance, addressing the agency's stated reasons for the denial. In the alternative, the home may apply for a permanent variance under 7 AAC 75.460. 7 AAC 75.460. APPLICATION FOR PERMANENT VARIANCE. An assisted living home shall apply for a permanent variance in the manner that the licensing agency directs. The application must state

(1) the statute from which permanent variance is sought for a home with fewer than six residents;

(2) the regulation from which the permanent variance is sought;

(3) the reason the home is unable to comply with the statute or regulation, and a description of the way the home is not in compliance;

(4) the reason that

(A) strict compliance with the statute or regulation will impose a substantial economic, technological, programmatic, legal, or medical hardship on the home or a resident of the home;

(B) the variance will improve the quality of life for the home's residents; or

(C) the variance will afford a unique treatment opportunity;

(5) the alternative proposed by the applicant to meet the goal of the statute or regulation from which the variance is sought; and

(6) how the alternative proposed by the home will adequately protect the health, safety, and welfare of the home's residents. (Eff. 7/1/95, Register 134)

Authority: AS 47.33.920

7 AAC 75.470. EVALUATION OF APPLICATION FOR PERMANENT VARIANCE. The licensing agency will evaluate each application for a permanent variance by

- (1) investigating the statements in the application;
 - (2) inspecting the assisted living home if appropriate for the type of variance requested;
- and

- (3) taking one of the following actions:

- (A) conferring with the assisted living home regarding the application;

- (B) discussing the application for a variance with the residents or their representatives, to determine whether they believe that granting the variance is in their best interest; or

- (C) both conferring and discussing under (A) and (B) of this paragraph. (Eff. 7/1/95, Register 134)

Authority: AS 47.33.920

7 AAC 75.480. GRANT OR DENIAL OF PERMANENT VARIANCE. (a) The licensing agency may grant a permanent variance if it determines

- (1) that

- (A) strict compliance with the statute or regulation from which the variance is sought cannot be accomplished without a substantial economic, technological, programmatic, legal, or medical hardship;

- (B) the variance will improve the quality of life for the home's residents; or

- (C) the variance will afford a unique treatment opportunity; and

- (2) that the home has an effective plan for meeting the goal of the statute or regulation from which a permanent variance is sought, and that, after discussion with or information from the residents, or the residents' representatives, regarding the request for variance and the plan for meeting the goal of the statute or regulation, the plan adequately protects the health, safety, and welfare of the residents and meets the standards of AS 47.33 and this chapter.

(b) The licensing agency will issue a written decision on an application for a permanent variance and will deliver a copy of the decision to the applicant, personally or by certified mail, and to each resident of the home or the resident's representative.

(c) Upon granting a permanent variance, the licensing agency will issue a new license containing a description of the permanent variance.

(d) A permanent variance remains in effect for the duration of the license and will be incorporated into each license renewal, unless the licensing agency finds good cause to revoke the variance.

(e) The licensing agency may include in its decision to grant a permanent variance reasonable conditions on the variance.

(f) The licensing agency will include in its decision to deny a permanent variance the reasons for the denial. (Eff. 7/1/95, Register 134; am 4/6/2002, Register 162)

7 AAC 75.490. APPEAL FROM DENIAL OF VARIANCE. (a) A decision to deny a variance may be contested as provided in AS 47.33.560 and the Administrative Procedure Act, AS 44.62.

(b) If the applicant decides to contest the denial, the applicant must appeal in writing, within 30 days after receiving the denial, to the director of the division of senior services in the Department of Administration or the director of the division of mental health and developmental disabilities in the Department of Health and Social Services, depending upon which agency denied the application. In the appeal petition, the applicant may request an oral hearing. If an oral hearing is not requested, the appeal will be decided on the basis of review of the original record and whatever additional documents and written argument the applicant presents with the appeal petition. The denial under 7 AAC 75.450 or 7 AAC 75.480 serves as the statement of issues under AS 44.62.370. The decision of the respective director constitutes the decision of the licensing agency for the purposes of reconsideration, under AS 44.62.540, and judicial review, under AS 44.62.560. 7 AAC 75.530. VIOLATION CONSTITUTING AN EMERGENCY. (a) If the licensing agency determines that a violation cited by the agency in a notice of violation issued under AS 47.33.530 constitutes an emergency because of imminent threat to the health or safety of residents, the licensing agency

(1) will, in the notice of violation, state the nature of the emergency, the actions required to comply with AS 47.33 and this chapter, and a specific date and time for the home to correct the violation; and

(2) will determine whether the violation has been corrected within the date and time specified in the notice.

(b) An assisted living home subject to a notice of violation constituting an emergency shall post the notice in a conspicuous location at the home until the licensing agency has determined that the violation has been corrected. (Eff. 7/1/95, Register 134)

Authority: AS 47.33.920

7 AAC 75.540. TEMPORARY INABILITY TO CORRECT A VIOLATION CONSTITUTING AN EMERGENCY. If an assisted living home is temporarily unable to correct a violation constituting an emergency, the home shall

(1) notify the licensing agency of the inability to correct the violation, submit a plan of correction indicating the time required to complete the correction, and submit a plan for alternative care arrangements to be used by the home until the violation is corrected; and

(2) provide notice as required by 7 AAC 75.340 that an emergency exists and that the violation cannot be corrected immediately to

(A) each resident of the home or the representative of each resident;

(B) the providers of services to or treatment of the residents; and

(C) the residents' service coordinators. (Eff. 7/1/95, Register 134; am 4/6/2002, Register 162)

7 AAC 75.550. REFUSAL TO CORRECT A VIOLATION CONSTITUTING AN EMERGENCY. If an assisted living home refuses, or fails for reasons other than inability, to correct a violation constituting an emergency within the date and time specified in the notice of violation, and the licensing agency determines that the home has the ability to correct the violation, the licensing agency will

(1) impose one or more of the administrative sanctions provided for in AS 47.33.550 and 7 AAC 75.570; and

(2) provide notice as required by 7 AAC 75.340 that an emergency exists and the violation has not been corrected to

(B) the agencies that provide services or treatment to the residents;

(C) the resident's service coordinators; and

(D) adult protective services in the Department of Administration, division of senior services. (Eff. 7/1/95, Register 134; am 4/6/2002, Register 162)

Authority: AS 47.33.410 AS 47.33.920

7 AAC 75.560. SANCTIONS BASED ON CONVICTION OF ADMINISTRATOR. If the criminal conviction of an assisted living home administrator forms the basis of a possible administrative sanction against the home under AS 47.33.550 and 7 AAC 75.570, the licensing agency will take into consideration whether the conviction poses a risk to residents or has an adverse effect on the safety or effective operation of the home. Authority: AS 47.33.410 AS 47.33.920

7 AAC 75.570. SANCTIONS FOR NONCOMPLIANCE. (a) The licensing agency will consider the following factors in determining an administrative sanction under AS 47.33.550:

(1) the nature and extent of the violation, and the extent to which the health or safety of residents is adversely affected, specifically considering whether the assisted living home's noncompliance

(A) is likely to have only a minor negative impact on a resident;

(B) results in minimal physical, mental, or psychosocial discomfort to a resident;

(C) results in actual harm to a resident as evidenced by compromising a resident's ability to maintain physical, mental, or psychosocial well-being; or

(D) results in a situation in which immediate corrective action is necessary because the noncompliance has caused, or is likely to cause, serious injury, harm, impairment, or death to a resident;

(2) whether the violation substantially limits the home's ability to render adequate care;

(3) whether the home has a history of violations, and, if so, the nature of the violations and whether the previous violations were corrected;

(4) whether the home failed to provide records to the licensing agency upon request;
and

(5) whether the home has submitted false or fraudulent information to the licensing agency.

(b) If the licensing agency imposes an administrative sanction, the administrator may appeal that action as described in AS 47.33.550. (Eff. 4/6/2002, Register 162)

AS 47.33.005. PURPOSE. The purpose of this chapter is to:

(1) contribute to the development of a system of care by encouraging the establishment of assisted living homes that provide a homelike environment for elderly persons and persons with a mental or physical disability who need assistance with the activities of daily living;

(2) promote the establishment of homes that help

(A) the elderly to age in place; and

(B) adults with a physical or mental disability to become integrated into the community and to reach their highest level of functioning;

(3) establish standards that will protect residents of assisted living homes, while at the same time promoting an environment that will encourage resident growth and independence, without discouraging the establishment and continued operation of those homes;

(4) require that a resident of an assisted living home have an assisted living plan that identifies the services that will be used to meet the resident's reasonable wants and needs; and

(5) provide a resident of an assisted living home, or the resident's representative, with the opportunity to participate to the fullest extent possible in the design and implementation of the resident's assisted living plan and in any decisions involving the resident's care.

AS 47.33.010. APPLICABILITY. (a) Except as provided in (b) of this section, this chapter applies to residential facilities operated in the state that serve three or more adults who are not related to the owner of the facility by blood or marriage by

(1) providing housing and food service to its residents; and

(2) providing or obtaining, or offering to provide or obtain for its residents

(A) assistance with the activities of daily living;

(B) personal assistance; or

(C) a combination of services under (A) and (B) of this paragraph.

(b) Notwithstanding (a) of this section, this chapter does not apply to

(1) a correctional facility;

(2) a facility for treatment of alcoholism that is regulated under AS 47.37;

- (3) an emergency shelter;
- (4) a medical facility, including a nursing home, licensed under AS 18.20;
- (5) a program for runaway minors licensed under AS 47.10; or
- (6) a maternity home licensed under AS 47.35.

Effect of amendments- The 1996 amendment, effective September 10, 1996, made a section reference substitution in paragraph (b)(5).

AS 47.33.020. HEALTH-RELATED SERVICES ALLOWED IN ASSISTED LIVING HOMES. (a) This chapter does not prohibit the resident of an assisted living home from self-administering the resident's own medications, unless the resident's assisted living plan specifically provides otherwise.

(b) An assisted living home may provide, obtain, or offer to provide or obtain the health-related services described in (c) - (i) of this section. A service under (c) - (i) of this section may only be provided or obtained in addition to, and as a supplemental service to, the long-term provision by the home to the resident of assistance with the activities of daily living or personal assistance.

(c) If self-administration of medications is included in a resident's assisted living plan, the assisted living home may supervise the resident's self-administration of medications, notwithstanding a limitation imposed by AS 08 or by a regulation adopted under AS 08. The supervision may be performed by any home staff person and may include

- (1) reminding a resident to take medication;
- (2) opening a medication container or prepackaged medication for a resident;
- (3) reading a medication label to a resident;
- (4) observing a resident while the resident takes medication;
- (5) checking a resident's self-administered dosage against the label of the medication container;
- (6) reassuring a resident that the resident is taking the dosage as prescribed; and
- (7) directing or guiding, at the request of the resident, the hand of a resident who is administering the resident's own medications.

(d) An assisted living home may provide intermittent nursing services to a resident who does not require 24-hour nursing services and supervision. Intermittent nursing services may be provided only by a nurse licensed under AS 08.68 or by a person to whom a nursing task has been delegated under (e) of this section.

(e) A person who is on the staff of an assisted living home and who is not a nurse licensed under AS 08.68 may perform a nursing task in that home if

(1) the authority to perform that nursing task is delegated to that person by a nurse licensed under AS 08.68; and

(2) that nursing task is specified in regulations adopted by the Board of Nursing as a task that may be delegated.

(f) A resident who needs skilled nursing care may, with the consent of the assisted living home, arrange for that care to be provided in the home by a nurse licensed under AS 08.68 if that arrangement does not interfere with the services provided to other residents.

(g) As part of a plan to avoid transfer of a resident from the home for medical reasons, the home may provide, through the services of a nurse who is licensed under AS 08.68, 24-hour skilled nursing care to the resident for not more than 45 consecutive days.

(h) If a resident has received 24-hour skilled nursing care for the 45-day limit set by (g) of this section, the resident or the resident's representative may elect to have the resident remain in the home without continuation of 24-hour skilled nursing care if the home agrees to retain the resident after

(1) the home and either the resident or the resident's representatives have consulted with the resident's physician;

(2) the home and either the resident or the resident's representative have discussed the consequences and risks involved in the election to remain in the home; and

(3) the portion of the resident's assisted living plan that relates to health-related services has been revised to provide for the resident's health-related needs without the use of 24-hour skilled nursing care, and the revised plan has been reviewed by a registered nurse licensed under AS 08.68 or by the resident's attending physician.

(i) A terminally ill resident may remain in the home if (1) the home and either the resident or the resident's representative agree that the resident may remain in the home; and (2) the resident is under the care of a physician who certifies that the needs of the resident are being met in the home. The time limitation of (g) of this section does not apply in the case of a terminally ill resident.

AS 47.33.030. ADVANCE PAYMENTS. (a) An assisted living home may not require a resident or prospective resident of the home or a resident or prospective resident's representative, to make an advance payment to the home except as security for performance of the contract or as advance rent for the immediately following rental period as the rental period is defined in the contract. If a home requires a resident or prospective resident to make an advance payment for security or as advance rent,

(1) the home shall promptly deposit the money in a designated trust account in a financial institution, separate from other money and property of the home;

(2) the home may not represent on a financial statement that the advance payment money is part of the assets of the home;

(3) the advance payment money may be used only for the account of the resident;

(4) the home shall notify the resident or the resident's representative, in writing, of the name and address of the depository in which the advance payment money is being held; and

(5) the home shall provide to the resident or the resident's representative the terms and conditions under which the advance payment money may be withheld by the home.

(b) An assisted living home shall establish a written policy for the refund of unused advance payments in the event of termination of a residential services contract or death of a resident. The policy must provide that a resident is entitled to a prorated refund of the unused portion of an advance payment, less reasonable charges for damages to the home resulting from other than normal use. (§ 1 ch. 130 SLA 1994)

AS 47.33.040. RESIDENTS' MONEY. (a) Except for advance payments under AS 47.33.030, an assisted living home may not require a resident of the home to deposit with the home money that belongs to the resident. The provisions of (b) of this section do not apply to money that constitutes an advance payment under AS 47.33.030.

(b) An assisted living home may accept, for safekeeping and management, money that belongs to a resident. The home shall establish a written policy for the management of such money and shall act in a fiduciary capacity with respect to that money, in accordance with regulations adopted by the licensing agency. A home is not required to accept money that belongs to a resident. (§ 1 ch. 130 SLA 1994)

AS 47.33.050. TEMPORARY ABSENCE. (a) An assisted living home may agree to reserve space for a resident of the home who is temporarily absent from the home and plans to return to the home. The absent resident, or the resident's representative, shall notify the home in writing if the resident's plan to return to the home changes.

(b) Until the assisted living home receives written notice that an absent resident does not intend to return to the home, the home may charge the resident an agreed-upon daily rate during the resident's absence from the home. (§ 1 ch. 130 SLA 1994)

AS 47.33.060. HOUSE RULES. (a) An assisted living home may establish house rules, subject to the limitations provided for under this chapter.

(c) House rules may address various issues, including

(1) times and frequency of use of the telephone;

(2) hours for viewing and volume for listening to television, radio, and other electronic equipment that could disturb other residents;

AS 47.33.070. RESIDENT FILES. (a) An assisted living home shall maintain, for each resident of the home, a file that includes

(1) the name and birth date, and, if provided by the resident, the social security number of the resident;

(2) the name, address, and telephone number of the resident's closest relative, service coordinator, if any, and representative, if any;

(C) resident's right to protection from retaliation under AS 47.33.350;

(D) provisions of AS 47.33.510, regarding immunity; and

(E) home's house rules;

(8) an acknowledgement and agreement relating to home safekeeping and management of the resident's money, as required by AS 47.33.040;

(9) a copy of the resident's living will, if any; and

(10) a copy of a power of attorney or other written designation of an agent, representative, or surrogate by the resident.

(b) An assisted living home shall retain a resident's file for at least one year after the resident terminates residency at the home. (§ 1 ch. 130 SLA 1994)

AS 47.33.080. CLOSURE OR RELOCATION; CHANGE OF MAILING ADDRESS.

(a) Not later than 90 days before the voluntary closing or relocation of an assisted living home, the home shall provide written notice of the closure or relocation to the licensing agency, each resident of the home, all representatives of residents, and all service coordinators for residents.

(b) Not later than 14 days before a change of an assisted living home's mailing address, the home shall provide written notice of the change to the licensing agency, each resident of the home, all representatives of residents, and all service coordinators for residents. (§ 1 ch. 130 SLA 1994)

AS 47.33.100. CRIMINAL BACKGROUND CHECK FOR EMPLOYEES. (a) An assisted living home may not employ an individual in a paid position that the applicable licensing agency has determined is covered by this section, according to its regulations, unless the individual, before beginning employment.

The Department of Public Safety shall submit the fingerprints to the Federal Bureau of Investigation for a national criminal history record check. When the results are received, the department shall advise the home of

(1) the data on which the fingerprints background check was completed; and

(2) whether the check shows that the individual has committed an offense described in (c) of this section.

(c) An assisted living home may not hire or retain an employee who has been convicted of an offense listed in the regulations of the applicable licensing agency as being an offense covered by this section. (§ 2 ch 35 SLA 1996)

(4) claims a violation of this chapter before a state or federal agency having jurisdiction over the home or its employees.

(b) Termination of a resident's residential services contract by an assisted living home within 60 days after the resident engages in an activity described in (a) of this section creates a rebuttable presumption that the termination was retaliatory.

(4) when emergency transfer out of the home is ordered by the resident's physician;

(5) when the home is closing; or

(6) when the home can no longer provide or arrange for services in accordance with the resident's needs and the resident's assisted living plan.

(b) At least 30 days before terminating the residential services contract with a resident under (a)(2), (3), (5), or (6) of this section, the assisted living home shall provide written notice of the proposed contract termination to the resident or the resident's representative and to the resident's service coordinator if any. BARRIER CRIMES

**BARRING EMPLOYMENT
IN AN ASSISTED LIVING HOME**

Under the Assisted Living Homes statutes (AS 47.33), AS 47.33.100 prohibits an assisted living home from hiring or retaining a person who has been convicted of one or more crimes listed in 7 AAC 75.215. This statute requires a person applying for a job at an assisted living home to provide (1) a sworn statement regarding whether they have been convicted of one or more of these crimes, (2) the results of a name-check criminal background investigation that was completed by the Department of Public Safety within 30 days before hiring, and (3) two full sets of fingerprints. The statute requires the assisted living home to submit the fingerprints to the Department of Public Safety within 30 days after employing a person for an FBI national criminal history record check.

To help assisted living homes comply with AS 47.33.100 and 7 AAC 75.215, the pertinent crimes are listed in this document under the categories of absolute barrier crimes, 10-year barrier crimes, 5-year barrier crimes, and 2-year barrier crimes.

If an assisted living home learns that a person applying for a job at the home has been convicted of a barrier crime, the statute and the regulation prohibit the home from hiring that person if it is an absolute barrier crime or if the appropriate amount of time has not passed on the other listed crimes. If an assisted living home learns that an employee of the home has been convicted of a crime listed in 7 AAC 75.215 before, on, or after September 28, 2001, the statute and the regulation prohibit the home from retaining that person if it is an absolute barrier crime or if the appropriate amount of time has not passed on the other listed crimes. (The only exception is a conviction of an offense committed before August 20, 1996 by an employee hired before August 20, 1996.)

AS 47.33.100 and 7 AAC 75.215 take precedence over this document. Failure to list a crime covered by AS 47.33.100 and 7 AAC 75.215 in this document does not in any way change the force and effect of AS 47.33.100 and 7 AAC 75.215.

The term "crime involving domestic violence" has the meaning given in AS 18.66.990, which states:

"crime involving domestic violence" means one or more of the following offenses or an offense under a law or ordinance of another jurisdiction having elements similar to these offenses, or an attempt to commit the offense, by a household member against another household member:
